

As we continue our efforts to mitigate the spread of COVID-19, we are pleased to inform you that RSU 22 will be partnering with Penobscot Community Health Center (PCHC) staff to host a voluntary COVID-19 vaccine clinic for students ages 12 and older in our district. The clinic will take place during school hours on May 20th at both the Wagner Middle School and Hampden Academy sites. Reeds Brook students will be vaccinated at the Hampden Academy location. We will narrow down the times the clinics will be open based on the number of student sign ups we receive.

The Pfizer vaccine will be used and given in two doses. The first dose will be on the May 20th date and the second on June 10th.

**In order to participate in the COVID-19 vaccine clinic, a form MUST be filled out by the student's parent or guardian, and returned to the school nurse by Monday May 17th in order to determine the number of doses needed.** The form is attached below and can also be found on the RSU 22 website or picked up at the nurse's office at your student's school. There is no cost for the vaccine.

We have attached information about the COVID-19 vaccine. If you have any questions, please contact your building school nurse.
